Learn English with **DORA** the explorer

Meet the characters

Learn English with *Dora the Explorer*™ is unique in that it is set alongside the highly engaging world of beloved characters from the Nickelodeon television series *Dora the Explorer*.

Dora

Dora is an adventurous girl—she is positive, helpful, and caring, and she's always ready to be active! She plays soccer, enjoys dancing, goes camping, and does gymnastics. She has a problem-solving spirit, and when she asks questions of the children, she does so as a friend who truly wants help in discovering the answer. As an explorer, she heads out into the world with enthusiasm, ready to help a friend in need, recover a lost object, or save the day.

Boots

Boots the monkey is Dora's best friend. He is sweet and caring; he loves bananas, his dinosaur toy, and, of course, the red boots that he always wears. He also loves to run, jump, swing from his tail, dance, and do backflips, but most of all, he loves exploring with Dora, and making her laugh.

Backpack

Backpack goes on all of **Dora's adventures**, and she holds anything Dora might need, even things like skis!

Map

Map is a **funny**, rolled-up friend who always knows the way to go! He lives in Backpack's side pocket.

Other characters from the television series also make appearances throughout the three levels of the course.

These characters include Dora's family: her parents, her grandmother, her younger twin brother and sister, and her cousin **Diego**.
