Unit Test 1 Reading and Writing

READING

- 1 Read the article from a magazine and complete the chart with the correct adjectives.

Is it possible to be lazy and successful?

Many of us think of being lazy as a negative thing. Lots of parents tell their kids that working hard is the key to being successful and happy. But is this really true? Is it possible to be lazy and still do well in life?

Ariana is outgoing and fun to be around. Her job is writing computer programs. It is an interesting job and Ariana enjoys it. The rent for her big apartment is expensive but her company pays her very well. Ariana's boss thinks her programming is great and does not want to lose her.

Ariana's friends think that she works very long hours. But Ariana says that this isn't true, "I'm actually a very lazy person," she smiles. "I don't want to spend a lot of time working on something so I always look for a quick and easy answer to a problem!"

Tomás also believes that being lazy helps him do well at work. A quiet and tall man with a shy smile, Tomás is a writer for a popular news website. "Sometimes I'm really lazy and I watch tennis or soccer all day. Then, at the end of the day, I remember I have work to do," says Tomás. "Luckily, when I only have a short time to write a news story, I do a better job!"

For Ariana and Tomás, being lazy and successful is possible. Perhaps we should all try to be a bit lazier in our jobs. However, I am not sure that many bosses would agree with that idea!

Person/Thing	Adjectives
