- a How to find the best clothes for you
- b Ways to get the best bargains.
- c Clothes shopping: how to save money

/ 1

We all want to look good without spending a lot of money. Here are some ways you can spend less on your clothes shopping.

- 1 Don't buy something just because it's cheap. Often, clothes are in a sale because nobody wanted to buy them. Ask yourself why. Be 100% sure that you'll wear them, so that you don't waste money.
- 2 Every season, new clothes arrive in the shops. If you buy them then, you'll pay full price, but if you buy them in a different season, you won't. So, buy jumpers in the summer and swimsuits in the winter. You'll save money.
- 3 Download apps to help you save money. There are some apps that tell you when something you want to buy is in the sale. There are also apps that give you codes for different shops, so you can get a discount.
- 4 Finally, take your time. It's easy to get very excited about a bargain, but be sure you really want or need it. You'll know it's the right decision if you wait a few days before you buy something.

7 Read the text again. Complete the sentences with one word from the text in each gap.

- 1 When you are shopping, ask the question: '_____ are these clothes in the sale?'
- 2 It's a good idea to buy warm clothes in the _____.
- 3 Some apps give you _____ so you can buy something for less money.
- 4 _____ two or three days before you buy a bargain.
