

OXFORD

One learning path for
lifelong success with the
Oxford Discover family

A complete approach for future success

This **Oxford Discover** family is a complete programme for schools who want to offer inquiry-based learning from Kindergarten to the end of high school.

Each course is built around a series of questions and learning objectives that spark students' curiosity and imagination, inspiring them to ask their own questions, find their own answers, and explore the world around them. The **Oxford Discover** family develops 21st Century Skills in critical thinking, communication, collaboration and creativity to prepare students for success at school and the world ahead.

The series that grows with your students

Show and Tell, *Oxford Discover*, and *Oxford Discover Futures* offer a smooth progression from Kindergarten to high school to support students as they develop and grow.

Each course builds onto the next, providing learners with the right level of cognitive challenge at every step, enhancing their skills development.
